To: Eastern Joint Computer Conference Authors

Since several authors have indicated they would have no use for reprints of their papers in the quantities mentioned in our original letter, the Publications Committee has made additional arrangements.

One hundred extra press sheets printed one side only are being run along with the balance of the "Proceedings." These sheets will be trimmed as individual pages, and the pages will be collated and stapled to form one hundred sets of reprints of each of the papers.

These reprints will be available to the authors at a nominal charge of $10.00. The balance of the cost will be underwritten by the General Committee from Conference funds as a measure of appreciation for the efforts shown by the authors in preparing, presenting and assisting in the publication of their papers.

If one hundred copies of your paper reprinted in this form will be sufficient to meet your needs, please send your order to Harlan E. Anderson, EJCC Publications Chairman, Digital Equipment Corporation, Maynard, Massachusetts, by return mail.

If you have already ordered the larger quantity of regular reprints and you feel you could get by with one hundred reprints, please send your cancellation immediately.

Thank you again for your help. Due to the vacation absenses of some authors and the usual Christmas mailing delays, preparation of the "Proceedings" is running about two weeks behind schedule. However, we are making every effort to gain back as much as possible of the lost time.

P.S. As with other communications on the "Proceedings," this letter is being sent to only one author per paper. We are leaving it to the addressee to contact his colleagues in cases of multiple authorship.
