COMPANY CONFIDENTIAL

N. Edwards' Office   Rockville   Oct 24, '60

GPDS-ASD   300 people   in 60 days   Jan 1? — Learson-Benton mtg.
Glendale   150-200

— no character sensing engr.

Tester display
Infra red   LASERs.
Magnetic Displays
etc.

Complicated by Benton's 10 year plan
1 yr out of Kingston plant. (only 15% now)   Kingston → commercial
5 yrs out of Kngstn lab. to Wash area.
Hagerstown — or Va, etc (50 mi)
plant & lab.
10 yrs — missile work to West Coast or Boulder. -- out of Owego?
LA ← most likely
"Ten year" "no tenure" plan

What to move from lab?   maybe cryogenics?
not Thin films?
Communication Lab now being built

Commercial will maintain level in Plant
100 people per year to Wash area for Kngstn Lab.
mfg. plant will be started immediately
→ DSD is committed to Pok area.
FSD   200 increase This year
compass

STRETCH - √ SS

- packet to peddle & not to peddle.
- plan -

{ survey people at Kingston
{ survey technology there -

~ 100 people have been working in FSD mktg after Livermore

"pencil pushing" item out of FSD.

Display board

1. good prop. submitted
2. follow-ons
3. props not yet submitted

---

1. - group to update STR ?
2. - get STR out on time
& HVST

FSD will [illegible] catch it if STR & Harvest are not delivered.

What should FSD do? a Plan needed

{ shall we have project & people & money transferred now?

Sup. STR -- not urgent now

maybe Harvest ?

STRategy
