Jan 6, '58

1958 "Kickoff" Meeting:

Review of Product Planning during 1957. (Pendery)

— Records are very important for future ref. — decisions. Proj. Record Files.

(1) Tape survey — major "breakthru".

(2) 705 III announcement without negative reactions.

(3) 729 III "

(4) 750 effort — put prod. planning on map. in WHQ — stressed importance of plan.

(5) data transmission:

(6) Stretch: completed math. planning. Simulation

(7) Banking Program: design objectives documented.

(8) Bench card machines: why no new machines have been made.

(9) Paper Tape area: a low cost unit being obtained — a buffalera unit.

(10) 709: compatibility with 704
1000 cpm card to tape.
card file interrogation was not chosen — "capital shot" against.

nothing was easy & routine. — stakes are high — very few over $1000000.

"New Horizons for 1958."

New Products: ET 25th anniv, 1000 000th typewriter this year.

electronic typing calculator, # 632

ferrite cores counters } aimed at invoicing.
capacity minority
10 characters/sec output.

SD Port-A-Punch
