Dunwell & all engineering Mgrs.

Meeting: Commercial Program OKed May 5, 1959

– Screening Committee yesterday

– Commercial Program approved

3rd Machine ?

May 19 – review where we stand – are we sufficiently demanding,

---

Special contracts ? still going ahead on 4 machines extra contracts

⇒ Policy letter #14 must be followed because of anti-trust.

December announcement: goal – depends on product test.

Livermore – next week –

[illegible] 35 + 22 + 7 = 64

[illegible] are available

Type Numbers – now available

Standards & Frames

Mr. Olson has proposal – will not be adopted,

– small step forward

Palmer wants large step. micro-miniaturization.

Product improvement – steps.

WP – another kind of system is forbidden now –

– Overtime – should hold back –

– AEC [illegible]

– NSA

Meeting with Dunwell : Rental Picture

May 5, 1959

– question of meeting with Whitfield. Is it necessary now?

call J. Kenny –
could go to W.

Type Nos:

Computer Exchange	7101

Console & Typewriter	7152
Tape Control	7613
Reader-Control	7614
Punch Control.	7615

← rental $3200 { last sept $1650,
(cost $17500.)

cut could to $1500

apply off to main frame.

question of using SPACE ?

– will revise in end of Month. ←

new tr + cd costs by end of month.

Pending
- more important that we would go ahead
- commercial prog.
- nothing is really changed
  Law – Kolsky;

– Look into SPACE – very common anywhere
an interchangeability of off line – on line. – Locked 8 p. characters
– Temporary approach online printers – OK off line.
→ call Ron on SPACE –
